Winding Down

Brethren;

We have had a full, rich year. Degree work, visits within our district and beyond, our annual Detroit weekend and much more. It has been a pleasure to receive so many fine Masons into Oxford Lodge. Finally I appreciate the excellent work and support of the Officers, Past Masters & members of our Lodge. It will indeed be a year I will remember with pride.

Our Secretary was presented with a most interesting project. The editor of a Coin Collector's Manual, asked if there was a connection between the seven names, etched on the back of an 1857 Upper Canada Coin and Freemasonry.

Biggins H. A, Johnson C. S., Levagood G. R., were members of Oxford 76, while Shaver W. was a member of King Solomon's 43. The most common connection was their place of employment, "D. W. Karn" Organ, and Factory. At least 5 and possibly the other two, worked there at different times, as they were skilled wood working craftsmen.
